...is Garret Koster

Garret is a student at Baker College. This is what he has to say about his life right now: “First off I want to thank the Church family for the Finals Snacks that were sent out last semester, they were greatly appreciated and an amazing snack to help push through finals. I am still studying at Baker College pursuing a Computer Science degree in Computer Programming. Currently I am studying Mobile App Development, learning new programming languages, and Computer Architecture. I enjoy the challenge and knowledge they offer. I would like to ask for prayers regarding my relationship with the Lord, over the last few years I have been feeling more distant from Him; I am spending time this semester working on that along with my studies. Other than that I would like to thank the Church again for all the prayers and support over these years, they are greatly appreciated.”
