*“Trusting in God’s timing gives us renewed perspective on delays. When our impatience brims to the surface, spilling over into our reality, turning us into anxiety-riddled, worry-filled, frustrated people, God’s sovereignty is what quells our concerns. Delays are only detours. Life interruptions are only divine interventions that put you in position to experience not only His best for you personally, but also His larger, comprehensive plan for humanity.”*

of the week!

...is Dylan Lucas

Dylan is a student at Cornerstone University. This is what he has to say about his life right now: *“First of all I would like to say thank you so much for the prayers and the support this last semester and also for the package during exam week. Its always such a good feeling to receive and know that I have such an awesome church family supporting me! I am very excited for this next semester to start because it is my last semester at Cornerstone University! It is crazy to think that I will be graduating in a few short months. I am only in a couple of classes this semester but they will be pretty challenging so I ask for prayers for me to stay focused and to finish strong. I will also be working this semester at Davids House Ministries in an adult foster care home and I also landed an internship for the semester at Mary Free Bed in their Wheelchair and Adaptive Sports Department! This is a huge accomplishment for me and I am so excited to be able to learn from the wonderful people who work at Mary Free Bed and be a part of their team! Again thank you for your prayers and support, they really mean a lot!*
